Worldview Stanford creates interdisciplinary learning experiences about the future to prepare leaders for the strategic challenges ahead.

**The Science of Decision Making**
**IMMERSIVE COURSE**
How does the latest research in neuroscience, psychology, and behavioral economics help us model, influence and improve decision making?

**ON CAMPUS:**
APRIL 7-10, 2015
OR JULY 7-10, 2015

**Behind & Beyond Big Data**
**IMMERSIVE COURSE**
Learn how big data will evolve, create new knowledge and value, and shift power and influence in the world.

**ON CAMPUS:**
MAY 26-29, 2015
OR NOV. 2-5, 2015

**The Future of Food**
**SCENARIO PLANNING TRAINING**
Learn scenario planning by developing scenarios on the sources of risk and resilience in the global food system.

**ON CAMPUS:**
SEPT. 28 - OCT. 1, 2015

---

**START ONLINE**
Before arriving on campus, explore multimedia content featuring interdisciplinary perspectives from Stanford experts and beyond. Direct the depth, pace, and timing of your learning. Acquire the foundations, frameworks and insights to inform your decisions.

**THEN COME TO STANFORD**
Immerse yourself in a multi-day, hands-on experience with 40 diverse Worldview participants from business, government, and nonprofits. Engage with Stanford experts, visit labs, and meet local innovators on the frontiers of change.
